Si no está registrado, pinche en **now** y rellene el formulario

Le enviarán un password a su correo con el que poder acceder.

- Una vez ha accedido pinche en la palabra **Search**

New! The **ORC VPP 2017** is now available.

This service offered by the ORC, gives boat owners, skippers, and other interested parties such as measurers, race organizers and sailmakers a

- Search in the on-line ORC **certificate and boats database** to access any ORC Club or ORC International certificate issued by any Rating Office.
- Maintain "**My Boats**", a personalized list of entries of certificate data to be reviewed and edited as needed.
- Acquire an ORC Club or ORC International **Test** certificate calculated by the ORC VPP software and the relevant ORC Speed Guide, using the ORC VPP software.
- Check out the new rating of the boat, since this service always uses the latest version of the ORC VPP (**).
- Acquire a **copy** and/or the ORC Speed Guide of any ORC certificate issued in 2009 to the present. This feature is accessible from the certificate search results.
- Acquire the **Target Speeds** for any ORC certificate issued in 2009 to the present shown in the certificate search results, as well as for test certificates.

** Note that this service does not have all the functions possible through a Rating Office, such as changes to the offset file or righting moment. For more services contact your local Rating Office.*

*** It is possible, particularly early in the calendar year, that there will be multiple VPP releases to include improvements and fixes made by the Rating Office on the certificate. The test certificates calculated using the VPP being replaced will be automatically recalculated by the system with the new VPP.*

The various services are offered using a credit-based accounting system. Currently, test certificates cost 10 credits each. **The certificate copy**

You may [purchase credits](#) using the paypal service. Special prices are available for large credit purchases.

Complete los campos seleccionando el país, año y nombre de barco o número de vela, pulsando **Search** después

Country:	<input type="text" value="Spain"/>	If you know the country of origin (rating office) of the certificate select it from the list, otherwise select "* Any *".
Year:	<input type="text" value="2017"/>	Narrow your search by selecting the certificate issue year.
ORC Reference #:	<input type="text"/>	Although not mandatory, a search by the reference number will locate a single certificate. Fill this in only if you know the exact reference number.
Yacht Name:	<input type="text" value="nombre barco"/>	Fill in the name of the boat or part of it.
Sail Number:	<input type="text" value="numero vela"/>	Fill in the sail number or part of it. Avoid using delimiters (such as "-"). Instead, entering just the number without the country abbreviation (eg. "12345" instead of "FRA-12345") will give better results.
Yacht Class:	<input type="text"/>	Fill in the yacht make/model or part of it. The "Class" field of the certificate is searched. If you're not sure about the definition or spelling of the class, it's better to input less but more characteristic information. For example, the "Beneteau First 40.7" is usually recorded as "First 40.7" so the search for "Beneteau 40.7" will yield an empty result set. However searching for "40.7" will produce the desired result. It is also possible to use the "%" symbol as a wildcard. For example, a search for "J-105" will yield some results but not all of them, because this boat is spelled sometimes as "J/105" or "J 105", depending on the originating rating office. Searching for "J%105" will give the full results.
<input type="button" value="Search"/>
